To all our valued patients and families:

In keeping with our commitment to deliver the best in oral health care, we have decided it is in the best interest of our patients, staff and community to suspend all non-emergent dental care effective March 17, 2020. Based on the guidance and recommendations from the Minnesota Board of Dentistry, the suspension of all non-emergent care will be for a period of two weeks – pending further information.

Please know we will do our best to serve you our community and patients. Should you have a true dental emergency, and you are a **patient of record**, call: **651 – 455- 1247** and follow the prompts.

We thank you in advance for your understanding and cooperation in these very difficult times. We will continue to monitor the situation and update you as more information is available. Thanks again for your continued support.
